## ARMISTICE-THANKSGIVING IS FITTINGLY CELEBRATED

Sunday last was observed fittingly in Blairmore, with all services for the day tending to memorialize the great event of this generation, when the peace pact, ending the great World War, was signed somewhere on the border between France and Germany ten years ago.

On Sunday afternoon, a special public Armistice-Thanksgiving service took place at the Orpheum Theatre, to which the members of the Canadian Legion paraded in a body. The theatre was packed to overflowing for the occasion.

The service opened with an able address by the chairman, His Worship Mayor J. H. Farmer, followed by two minutes of silence for the honored dead and prayer by Rev. J. W. Smith, B.D., and the singing of "O Canada." The speaker for the occasion was Mr. J. E. Gillis, B.A., whose splendid address will long be remembered here. A beautiful solo was rendered by Mr. A. Phillips, of Coleman. Hymns included "O God, Our Help in Ages Past," "Lead, Kindly Light" and "The Supreme Sacrifice." Toward the close the "Roll" was called by Mr. R. W. H. Pinkney, followed by the "Last Post," "Reveille" and benediction.

Mr. Ed. Royle efficiently presided at the piano.

In the evening, the congregations of St. Luke's (Anglican) and the Blairmore United, joined in service at the United Church. Legion members also attended. The choir was in full force and the church was crowded to standing room. The service was opened at 7.45 by Rev. J. W. Smith and the address of the evening was delivered by the Rev. A. D. Currie. His discourse was able and fitting to the occasion. A special feature of this service was a solo, beautifully rendered by Master Hadwell, of Bellevue.

Mr. E. L. Royle acted as organist.

## ANNUAL MEETING OF BLAIRMORE ARENA CO.

The seventh annual general meeting of the shareholders and directors of the Blairmore Arena Company, Limited, took place in the Elks Hall on Thursday night last, when the reports of the president, secretary and auditor were presented and adopted.

The financial statement for the year showed a small surplus on the year's operation.

A vote of thanks was tendered to Mr. Robert Gray, the efficient secretary-manager of the arena.

Messrs. S. Knappman, L. L. Morgan and A. R. Granger were re-elected to the board of directors, while Mr. P. C. Montalbetti was again chosen auditor.

The matter of selecting ice men, arranging terms with curling clubs, election of officers, etc., were left in the hands of the board of directors.

## PYTHIAN SISTERS BAZAAR

On Wednesday afternoon next, commencing at 3 o'clock, the members of Greenhill Temple No. 10, Pythian Sisters, will hold their annual bazaar and sale of home cooking, etc., in the Lodge Hall. Tea will be served from 3 to 6 p.m. In the evening, at 8 o'clock, a whist drive and social will be held, whist to commence at 8 sharp. As an inducement to early attendance, a valuable door prize will be offered. Be on time and secure your numbered ticket. Valuable prizes will also be awarded for whist. The usual supper and dance will follow.

## G. E. CRUCKSHANK SUCCEEDS A. B. KING AS A.A.H.A. PRES.

EDMONTON, Alta., Nov. 13.—After three years of continuous service given in the interest of amateur hockey in the province, A. B. King, of Okotoks, retired from the presidency of the Alberta Amateur Hockey Association at the regular annual meeting held in the Macdonald hotel here on Monday afternoon and G. E. Cruickshank, of Hillcrest, was elected to fill the vacancy. The session was practically devoid of any excitement and just the usual routine business was brought up and dealt with by the delegates present. The residence rule was raised up again and came in for a good deal of discussion, but the delegates decided to leave the date Mand as set at the annual meeting last year. It was decided, however, that the intermediate teams be divided into two sections this winter: "A" and "B," and that two separate play-offs be run off at the end of the season.

Another matter which was gone into thoroughly was that of appointing an inspector to visit the various towns to look into the work of the referees in order to find out whether they were giving satisfaction. The meeting finally agreed to appoint two referees-in-chief, one in the northern and one in the southern portion of the province to report on the work of the officials to the executive.

The association went on record as being in favor of asking for the right of having the first of the Allan Cup play-down series with the Alberta representatives played in this province, instead of having the Alberta winners journey to the coast, as in previous years, providing that ice is available on the dates of the games.

The financial report was presented by the secretary, George Lynch, and showed a balance of \$925.86 in the bank, with which to start the season. President King announced that he was donating a cup to be competed for by the intermediate ladies' teams of the southern section of the province.

The following officers were elected: Honorary president, Lieut.-Governor William Egbert; honorary vice-presidents, Hon. J. E. Brownlee, Hon. George Headley; president, G. E. Cruickshank, Hillcrest; vice-president, Dr. Long, Red Deer; executive members: L. L. Morgan, Blairmore; Dr. Hardy, Edmonton; Dr. I. S. Irving, Lacombe; V. C. Stanley, High River. The following officers were elected to the ladies' section: Vice-president and chairman, Mrs. Coleman, Edmonton; secretary, Miss Aileen Ross, Edmonton; executive members: Mrs. Hamney, Calgary, and Mrs. Bruce Sexsmith, High River.

## "THE NEW BOY" COMING

A three-act farcical play, entitled "The New Boy," will be staged by The Blairmore Players at the opera house here on the night of Wednesday, November the 28th, under the auspices of St. Luke's church.

Artists will include: Archibald Renick, the new boy, Mr. R. Wootton; Doctor Candy, L.L.D., principal of Birchgrove school at Dulwich, Mr. R. W. H. Pinkney; Felix Roach, a financier, Mr. J. V. McDougall; Theodore de Brize, a French mayer, Mr. J. R. McLeod; Bullock Major, a pupil, Mr. L. McDonald; Mr. Subber, a farmer, Mr. W. Lord, Jr.; Mrs. Renick, Miss J. Peake; Nancy Roach, Felix Roach's daughter, Miss C. Crystal; Susan, a servant, Mrs. J. A. Packer. Schoolboys: Albert Chappell, Joe Morgan, Frank Morgan, Alex. McDowell and Norman Packer.

Proceeds of this play will go toward the church funds.

The reserved seat sale will open at the Blairmore Pharmacy on Tuesday, November 20th.

## DEATH OF VINCENT TOMPKINS

The death occurred at St. Vincent's hospital, Pincher Creek, on Thursday afternoon last, of Vincent Tompkins, brother of Mr. C. J. Tompkins, of Blairmore, in his fifty-fourth year, following a prolonged illness.

Mr. Tompkins was born at Margaree Forks, Cape Breton, a son of John N. Tompkins and Judith Cooley. He came west to Coleman in 1907, where he followed occupation as a miner until the year 1912, when he took up farming in the Pincher Creek district, residing there ever since.

Besides his wife, he is survived by

seven small children, from two to fifteen years; three full brothers, C. J. Tompkins, of Blairmore; Dr. J. J. Tompkins, of Canoe, Nova Scotia, and Nicholas Tompkins, of Kamour, Ontario; and two step-brothers and step-sister, J. J. Tompkins, of Calgary; Michael Tompkins, of Margaree Forks, and Mrs. Petrie, of Dominion No. 1, Cape Breton.

Funeral took place from the Catholic church at Pincher Creek on Saturday morning and was largely attended. The remains were laid to rest in the Pincher Creek cemetery.

With the bereaved we extend sympathy.

## Cuticura Treatment For Dandruff

Part the hair and gently rub in Cuticura Ointment until the whole scalp has been treated. Let the Ointment remain on for some time, even overnight if convenient. Then shampoo with a cake of Cuticura Soap and warm water. (Do not rub soap on the hair.) Rinse thoroughly. A light application of Cuticura Ointment to the scalp between shampoos is often beneficial.

## Bader Skin Are Valuable

Pelts Should Be Taken In the Right Season, However

Bader skins, if taken off animals

at the right season, and not spoiled

by handling, are now quite valuable.

At the recent fur auction in Winnipeg

the best bader skin sold for

\$52.00, and a good average skin

worth, perhaps, about \$30.00 to

\$25.00. But many people are taking

these pelts during the late summer

and fall, when the skins are worth-

less, or practically so. Bader skins

are most valuable after the animals

have come out of their winter retire-

ment. Skins taken in the spring are

valuable, those taken in the fall are

almost worthless. About twenty-thou-

sand bader skins are marketed an-

nually in the three Prairie Provinces.

## Prominent Health Officials

Four prominent Canadian health officials have been appointed to the Cinnaght Laboratories Fellowship in the School of Hygiene, of the University of Toronto. They are Dr. R. W. The fellowships were established last year for the purpose of increasing the number of public health workers in Canada.

## CHILDHOOD AILMENTS

Can Be Quickly Banished With Baby's Own Tablets

The ailments of childhood are many

but none so common as those due to

one cause and one cause only—a dis-

ordered condition of the stomach and

bowels. To quickly banish any of the

minor ailments of babyhood and

childhood the bowels must be made

to work regular and the stomach

must be sweetened.

No other medicine for little ones

has had such success as Baby's Own

Tablets. They banish constipation

and indigestion; break up colds

and simple fevers; correct diarrhoea

and colic and promote healthful sleep

by regulating the functions of the

stomach and bowels. Concerning this

Writes L. M. Brown, Walton, N.S.

"I cannot speak too highly

of Baby's Own Tablets as I have

found them excellent for childhood

ailments."

Baby's Own Tablets are sold

by medicine dealers or by mail at 25

cents a box from The Dr. Williams

Medicine Co., Brockville, Ont.

## Load Speaking Airplanes

New Form of Advertising Making

Cities More Noisy

The advance of aviation has

brought with it one development that

cannot be regarded with equanimity.

In New York certain airplanes

equipped with loud speakers fly over

the city and indulge in loud adver-

tising at its worst. Voices from

these flying loud speakers blow forth

the merits of this or that face cream,

movie, cigarette or what-not in a

manner that can be heard all over

the town. There is no escape from

it. Any one in the streets below

gets this raucous appeal to buy

drummed into his helpless ears, whether he likes it or not.

Our cities are noisy enough now.

It might be a good thing to see if

the statistics governing public nuis-

ances cover the case.

Took Draught Measures

The fact recently has come to light

that the very oldest newspaper in

existence is, or was, the official

"Pekin Gazette," which is said to

have been produced continuously for

more than a thousand years. But

this Methuselah record newspapers

not only claim an honorable old age.

It claims a record in martyrdoms

as well. It is credibly stated that during

its publication no fewer than 1,500

of the paper's editors have been exe-

cuted. If this is correct, just imagine

what the slaughter must have been

among reporters.

Husband (reading latest about

radio-television): "My word! This

opens up some wonderful possibilities,

doesn't it?"

Wife—"Yes, my love! Won't it be

nice for me to be able to sit here and

watch you working in your office

when you're kept there at night!"

Grocer—"Yes, lady, these eggs are

fresh from the country."

Suspicious Customer—"What coun-

## Northern Alberta Boys' and Girls' Swine Club

First Prize In C.P.R. Competition Is Won By Members Of Club At Willington

First prize in the Canadian Pacific Railway Competition in the Boys' and Girls' Swine Club show for Northern Alberta, was won by Parafte Laus-

and Henry Strymach, members of the Swine Club, at Willington, on the New Canadian Pacific Railway

Cutknife-Whitford line.

Second prize went to Benny Flaada and Bernie Koblitzsch, of the Hard-

isty Club, third, Thurston Smith and Erwin Bergut, of the Seefewick

Club.

Handsome medals were presented to members of the winning team by Superintendent George Fox, of the Edmonton Division of the Canadian Pacific Railway. Both members of the team are of Ukrainian descent and are sons of prosperous farmers in the district. Each of the boys is 17 years old. Strymach is in grade ten at Desjardis school, and Laus-

and is working on his father's farm.

The Willington team will proceed to Calgary where they will compete with the winners of the Canadian Pacific Railway competition in the southern part of the province, for the trophy awarded to the highest scoring team from any point along Canadian Pacific railway lines in Alberta, and a trip to the Toronto Royal as guests of the railway.

Local officials of the railway com-

panies, of Provincial and Dominion departments of agriculture and live-

stock interests, are well pleased with the successful results of the Boys' and Girls' Club during the past season, and credit is given to these clubs for much of the improvement noted in recent years in the quality of pigs shipped to market from many districts in the province.

Recipes For This Week

(By Betty Barsley)

VEAL BIRDS

2 pounds veal steak (sliced about

1/2 inch thick).

Cut steak into six to eight squares,

depending on the size of bird placed.

Marinate with salt and pepper. Place

a heaping tablespoonful of Fiquant

stuffing in each veal square, and

skewer securely using at least four

skewers for each bird. Brown in deep

fat first and then place in roasting

pan in which frying fat has been

poured. Add 1 cup water, cover

roaster and let bake in slow oven for

an hour. (Enough for six or eight

veal birds).

A BRAND NEW RAISIN SAUCE

1/2 cup chopped raisins.

2 tablespoons butter.

2 tablespoons flour.

1 teaspoon salt.

1 teaspoon pepper.

Speck cayenne pepper.

1 tablespoon brown sugar.

1/2 cups water.

1 tablespoon ground horseradish.

1 small lemon, juice only.

Heat food chopper in boiling water

and put raisins through using medium

coarse. Melt butter in saucepan, add

four, salt, pepper, cayenne, and brown

sugar. Mix well, add water and cook

until mixture is thick, stirring con-

stantly. Add chopped raisins, horse-

radish and lemon juice. Serve hot.

Since Ignorance is bliss it seems

folly to establish night schools.

## JOURNALISM

A young man who had an ambition to become a journalist, made known his desires to a friend who was editor of a city daily. The editor gave him the following definition:

"It's forever running your head against a brick wall, and it isn't the brick wall that eventually goes to pieces. Writing for the press is selling your enthusiasm at so much a line—it's trying to be an eagle and finding that you're a battered game cock. It's a business in which you can make more enemies than in any other business in the world—all good people disapprove of you and the bad ones stab you. Your readers won't read your good work, but they'll read your bad work, and then you'll die a pauper. And yet," he concluded, "it is the only profession I care about and if I had to quit I'd be heart broken."

## MARRIED AT CALGARY

On Monday a very pretty wedding took place in Calgary at the manse of the United church, when the Rev. Rex Brown united in marriage Miss Ruth Cleland, of Calgary, and Mr. George B. Anderson, one of Strathmore's popular bachelors, who recently made Calgary his home.

The wedding breakfast was served at the home of Mr. and Mrs. J. Connor, and among the guests were Mr. and Mrs. Harry Anderson, father and mother of the groom, and his two brothers, W. E. and Fred Anderson, Mr. and Mrs. Frank Beck, Rev. Mr. and Mrs. Rex Brown and Miss M. Murton.

The happy couple left to spend their honeymoon with friends at Cowley, and upon their return will reside in Calgary, where Mr. Anderson has a position with the Hart Parr Tractor Co.—Strathmore Standard.

## A CENT'S WORTH

At the average rural rate, a cent's worth of electricity will perform any one of the following tasks, according to data collected by the New York state committee on public utility information: Shell eight bushels of corn, grind half a bushel, thresh one bushel of barley, separate sixty gallons of milk, cut 300 pounds of ensilage, cut 200 pounds of fodder, stuff 200 pounds of sausages, churn 33 pounds of butter, and provide energy enough to milk ten cows.—Ex.

## Getting a Drink in the U.S.

An Englishman, arriving at a town in the United States, asked the stationmaster if there was any place where he could get a decent drink.

"Come with me," replied the official, as he led him outside. "See that building?"

The Englishman nodded.

"Well, that's the parish church."

"But, surely," said the visitor, in astonishment, "you don't mean to say I can get a drink there?"

"Well, no," came the cautious reply. "I won't go quite so far as that. But it's the only place in the damned town where you can't."

A bleary-eyed man entered a savings bank and hurried to the teller's window. "Let me have two cases right away," he said, pushing two fifty-dollar bills through the grating.

"What do you mean? Two cases of what?" replied the teller.

"Hanged if I know what name you give it, but I saw a sign outside that said 'four per cent' and I'll drink whatever it is."

## COWLEY HAPPENINGS

Miss Jean McEwen, who is employed in Carmanagay, is home for a visit.

Miss Alison Brockwell, of the Royal Bank staff at Foremost, is home for a few days' visit.

The weather is still keeping here. Farmers are continuing with plowing and the sowing of fall wheat.

Mr. and Mrs. Grant Smith and son Jack, of the Royal Bank, left on Saturday by motor for Calgary, where they will make their new home.

Mr. Rhoadie, Miss K. R. Brown, Miss N. Sheehy and Miss E. Bennett have returned from attending the teachers' convention, which took place at Lethbridge last week.

We regret to say that Master Hood'son, is very dangerously ill with scarlet fever. The Heath Creek school will likely be closed for a few days until danger of contagion is past.

On Friday night a social evening was held, under the auspices of the Ladies' Aid, at the home of Mr. and Mrs. A. J. Snyder. The time was spent with music, games, etc. A neat sum was realized, which will go towards the fund of the United church here.

On Wednesday evening, November 7th, a pleasant time was spent at a whist drive, staged under the auspices of the Women's Institute in the I.O.O.F. hall. The prize winners were: ladies' first, Mrs. Mundie; gentlemen's first, C. White. Consolations were awarded to Mrs. Fred Tustian and Mr. Tong. Proceeds go toward the cemetery fund.

A grand comedy in three acts, entitled "Locks Like Rain," will be staged by Bellevue artists in the Rex theatre at Bellevue on the night of Thursday, November 29th. Characters will include the following: Monty Mansfield, the proprietor, Mr. Harry Harrison; Reggie Van Wert, an ambitious author, Mr. Fred Padgett; Elmo Armstrong, Monty's cousin, Mr. Joe Shevils; Jerry Watson, the late proprietor, Mr. Dave Curry; Nellie Watson, his daughter, Miss Helen Emerson; Martha Watson, his better half, Mrs. Winnie Padgett; Vilut Hickey, a neighbor, Miss Beatrice Radford. This talented group has been heard from on previous occasions, and we bespeak for them another success.

## An Insult

A very rich man married a beautiful woman who, unfortunately, was beneath him socially.

They were about to attend a big dinner, and the husband gave her a few words of advice before starting:

"Just be yourself and everything will be O.K.," he said. "Don't try to be clever, whatever you do."

During the dinner, at a moment when the rich man's wife was resting her clasped hands on the table, there came a lull in the conversation.

"Awful pause," remarked the man by her side, with a smile.

"And so would yours be," snapped the other angrily, "if you worked at a wash tub all day for five years like I did before I was married."

A little girl was put in an upper berth for the first time. She kept crying till her mother told her not to be afraid, because God would watch over her.

"Mother, are you there?" she cried.

"Yes."

"Father, are you there?"

"Yeah."

A fellow-passenger lost all patience at this point and bellowed forth: "We're all here! Your father and mother and brothers and sisters and aunts and uncles and cousins. All here; now go to sleep."

There was a pause; then, very softly: "Mother!"

"Well?"

"Was that God?"

How To Reduce

Varicose Veins

Sub Gently and Upward Toward the Heart as Blood in Veins Flows That Way

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and lumbago.

If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first-class drug store and apply it night and morning as directed you will quickly notice an improvement which will continue until the veins and lumbago are reduced to normal.

Moore's Emerald Oil is a harmless, yet most powerful germicide and two ounces last a very long time. Indeed, so powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed and anyone who is disappointed with its use can have their money refunded. All druggists sell lots of it.

## You Can Quickly Limber Up Sore, Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in Knee, Elbow, Shoulder or Finger Joints Yield to the Mighty Powerful Influence of JOINT-EASE.

It's here, right in town, and every live druggist has it. It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of your troubled joints.

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments.

Just rub it on the tormented, lame joints and in just a few seconds it penetrates to the bone and blessed

comfort comes quickly. It absorbs instantly, and is so clean and stainless that you can rub it on often and get thereby results much more quickly, when the joint is inflamed and the agony intense.

Being such a powerful counter-irritant, it cannot help bringing speedy and helpful results in congestion, sore throat, chest colds, lumbago and neuralgia much quicker than almost any remedy you can buy.

But you must remember that it is for joint afflictions that it is mostly dispensed and its helpfulness will astonish you after all ordinary liniments and other treatments have failed.

Think It Over.

Hon. R. B. Bennett, in addressing the Maritime Province Club in Montreal, told a "Father Doyle" story, which he heard while visiting Nova Scotia this past summer, a story with a point to it:

"Father Doyle was walking along a road there, before automobiles were allowed on Prince Edward Island—that is not so long ago—and he was overtaken by a farmer in a democrat. The farmer said, 'Will you have a lift?' and Father Doyle said he would be delighted. He got into the democrat and opened up the conversation by asking the farmer his name. 'My name's Murphy, but I'm not a Catholic,' the farmer answered. Father Doyle suggested that they might leave religious matters alone and get along quite well together. As they neared the journey's end, Father Doyle thanked the farmer, and offered to give him a little advice from an old man of long experience. 'When you die, you hope to go to heaven?' 'I hope so.' 'Well, remember my advice. When you get there, and go up to the golden gate and knock at the door, and St. Peter says 'Who's there?' Just say 'Murphy,' and stop right there.'"

Father Doyle's suggestion that we might leave our religious differences alone and treat each other as fellow men—(say "Murphy" and stop right there)—is good advice. What, says one daily paper in commenting on this little story, is wanted in a man and a will, and organizations to emphasize our common needs, and our common ideals, the points upon which we can agree, rather than the minor matters upon which we disagree and which will engender ill-will, strife and discord.

The recent Presidential election in the United States is an object lesson to all people. A great country of upwards of 110,000,000 people, engaged in a supremely important task of determining the personnel and policies of their Government for the next four years, have had their minds distracted from the real issue involved in the election by appeals based solely on the religious belief of one of the candidates for President. It is not that the candidate in question was a heathen, or an atheist, denying there is a God, and wholly devoted to worldly things and lacking all the finer ideals in life—no, he believes in, and worships the same God as those who attacked him, but he was born into and brought up to respect certain doctrines and forms in one particular branch of the Christian church, just as his opponents were born into and brought up to respect and accept the doctrines and forms of worship in other branches of the Christian church. But these Christians could not agree to disagree on these minor matters and unite on the great fundamentals of Christianity itself. With what result?

Great national issues affecting the whole life and future of the country, such as the prohibitory liquor laws, the tariff, the improvement of agriculture, public ownership of public utilities versus private and monopolistic control, and other real national questions, all became confused and mixed up in the minds of millions of people with the really inconsequential subject of one man's church affiliation. And what has been gained thereby? What remains after all the shouting is over? Old friendships of a lifetime broken, remnants of bitterness, and hatred engendered, communities divided which were formerly united in work for the common good.

It is but a repetition of the strife of the middle ages. Much the same thing has occurred in Canada over and over again, but no man living can point to any good resulting from such campaigns. Here in Western Canada our people pride themselves on their devotion to co-operative principles, and they can point to the accomplishment of great and lasting reforms because of their acceptance of, and devotion to co-operative policies and enterprises. But they may well ask themselves how long that good-will and harmony so essential to the success of co-operative endeavor will last, not to mention its fruits of development and growth in order that still greater things may be achieved, if they are going to give encouragement to feelings of bitterness and take part in campaigns of division based on the manner in which their individual members worship God.

In all matters of religious differences of opinion, Father Doyle's advice is good: Just say "Murphy" and stop right there.

### Manitoba Hydro Plan

Provincial Government Has Program That Will Extend All Over Province

It has been announced that the Manitoba Government is prepared to embark on a programme of Hydro-Electric power transmission line construction that will extend to all parts of the Province—to towns, hamlets, and farms—the Government to pay one half of the cost, including lines already built. Under this new policy there is a guarantee of sufficient power, very low rates, and revenue in the way of rentals for power sites. Thus, it has been stated on behalf of the Government, it is possible for the Government to undertake the bonusing of town and farm lines without incurring a dollar of capital debt; without the necessity of increased taxation, and without the risk of large annual deficits. This policy is

designed to promote industries throughout the Province and to lighten the labor and increase the comforts of the farm.

## Too Much ACID

Many people, two hours after eating, suffer indigestion. They call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful of water neutralizes many times its volume in stomach acids, and at once. The symptoms disappear in five minutes.

You will never use crude methods if you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions. Each drugstore.

### H. B. Road Nearing Completion

Laying of Rails Will Be Completed

By Next March

The laying of rails on the Hudson Bay Railway will be completed by next March, Major Graham A. Bell, deputy minister of railways and canals, has announced, but considerable blasting will have to be done before the road can be opened for traffic. The work at Fort Churchill, where modern harbor accommodations and harbor equipment are being installed, is being pushed ahead. It will require another three years to complete this undertaking. Discussing the development of Northern Manitoba, Major Bell states that there were many evidences of mineralization along the route of the railway, particularly as far north as mileage 300 north of The Pas. He felt that these deposits would play a great part in the opening up of that section of the province. Five thousand men are now employed on the railway and harbor works.

### TONIC TREATMENT FOR INDIGESTION

Indigestion Comes With a Run-Down Condition—Relief Comes Through Enriching the Blood—Dr. Williams' Pink Pills Make New Blood.

There are many symptoms of indigestion such as acute pain after eating, belching of wind, nausea and vomiting, bloating and pains in the region of the heart, a dread of food for the misery it causes. Dieting and the use of pre-digested foods may give ease, but that is all, and while the stomach grows steadily weaker. The work of digestion depends upon the blood and nerves, the only way to get rid of indigestion is to tone up the stomach through the blood, to do the work nature intended it should do. The one thorough way to do this is through the use of Dr. Williams' Pink Pills, which renew the blood, strengthen the nerves and enable the stomach to do its work with ease and comfort. Neglected indigestion means prolonged misery. If you have any of the symptoms of this trouble try the tonic treatment with Dr. Williams' Pink Pills at once and you will be gratified with the results. Among the many who have found new health through the use of Dr. Williams' Pink Pills, Dr. J. C. Webb, R.R. No. 3, Prescott, Ont., says:—"For a long time I went through the tortures of indigestion. I call it torture because no other word can describe what I endured. If my stomach was full of food, I took food I vomited. I did not sleep and I was steadily growing weaker. If I took a little food I was miserable. One day my husband said, as the treatment you have had has not helped you, why not try Dr. Williams' Pink Pills. He commented and he got me a supply. After I had been taking the pills a while I knew they were helping me as the pains and retching grew less and I slept better. I gladly continued the use of the pills and in a few months I felt like a new woman, better than I had felt for years, and able to work for my husband and children again. After such a wonderful experience how can I do anything else but recommend Dr. Williams' Pink Pills."

If you need a blood-building tonic begin taking Dr. Williams' Pink Pills today. Sold by all medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Courtesy Well Rewarded

A happy result of a servant girl's act of courtesy at Leeds has just come to light. Two or three years ago the girl, named Ellen Fellows, as stated an old lady across a busy street, and at the same time took a note of the girl's name and address. Recently Miss Fellows received a letter advising her of the old lady's death and a bequest of \$2,000.

Asthma Brings Misery, but Dr. J. D. Kellogg's Asthma Remedy will relieve the misery with welcome relief. Inhaled as smoke or vapor it reaches the very innermost recesses of the bronchial passages and soothes them. Relieves spasms and easy breathing returns. If you know as well how this remedy would help you as do thousands of grateful users, there would be a package in your home today. Try it.

### Northern Outposts Are

Cheered By Radio

Broadcasting Programs For Benefit Of Lonely Dwellers In Northland

Broadcasting programs to the Far North will be continued this winter, and messages will be sent to these police posts, missions and trading stations which are scattered throughout Canada's territory north of the 60th parallel. The programs commence Saturday night, November 17, at 11 o'clock Eastern standard time, the Canadian Westinghouse Company operating the broadcast in conjunction with allied stations in the United States.

Officials of the Northwest Territories branch of the Department of the Interior said that the success which had attended previous efforts encouraged them to continue. Gratifying results had been obtained, inasmuch as the lives of the men on the lonely outposts of Canada's northern empire had been greatly cheered by the contact with the world.

For the most part, the messages sent are of a personal nature, being expressions of regards from relatives of the men distributed throughout the north.

Another phase of the broadcast is one which assists the department at times in that instructions can be sent to the officials in the north, supplementary to those already given by mail.

A network of wireless stations now extends over the Northland.

### People Should Rest More

Habit Would Store Up Reserves Of Health Says Great Surgeon

Sir Berkeley Moynihan, the great surgeon, said that one way to keep young looking is consistently and regularly to allow the nerves to rest.

A quarter of an hour's quiet and relaxation, preferably in solitude, immediately after luncheon would store up reserves of health and stamina. When the famous Mayo brothers, the American surgeons, came to spend a holiday with him they never failed after luncheon to go to their rooms for a quarter of an hour's rest in complete isolation.

Another of Sir Berkeley's maxims is that every man when he reaches 60, no matter how well he feels, should take a reserve holiday. "Not more than three months for the man with an active mind," he says.

Made Best Guess

Little Albert came home from school with a note from his mother.

"It's a prize, mother," he said.

"A prize? What for, dear?"

"For natural history. Teacher asked me how many legs an ostrich had and I said three."

"But an ostrich has two legs."

"I know that now, mother, but the rest of the class said four, so I was nearest."

Nation-wide Fame. — There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried. Sawmill For Prince George District

A sawmill to cut crating material for the General Motors, of Canada, is in prospect for the Prince George District, Central British Columbia, the Prince George Citizen states. The mill will be located at a point on the Prince Rupert line of the Canadian National Railway. General Motors use approximately 15,000,000 feet of crating annually.

Useful In Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or sprain be sustained, nothing could be better as a dressing or lotion.

Southern Alberta Sugar Beets The Barnwell district in Northern Alberta is coming along fast in beet growing, there being about 2,300 acres planted to the succulent crop this fall, producing an average of 11 tons to the acre, but in some cases going as high as 15.

The Guide.—"Yes, it must be over a thousand years old. You can take it from me they don't build such ancient castles nowadays."

Minard's Liniment For Backache.

Perhaps you didn't realize that Aspirin tablets are made to relieve the deep-down rheumatic aches as well as dispel the occasional headache. They do! In cases of neuralgia, neuritis, lumbago; for those pains that penetrate one's very bones, Aspirin tablets offer real relief. Just be sure you are getting the real Aspirin, with Bayer on each tablet and on the box—with proven directions inside. All druggists.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer manufacture. While it is well known that Aspirin means Bayer manufacture, to insure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

Salads For Health

Do not allow yourself to get away from the daily salad habit, now that the weather is getting colder, and some of the usual salad ingredients are not at hand.

Health demands plenty of green vegetables and fresh fruit, in winter time as well as in summer. Here is an exceptionally good little salad that may be prepared at this season—very little cost, too:

Peel oranges and remove all white skin. Cut into one-fourth inch slices and cut each slice into halves. Dice celery and apple and mix with mayonnaise. Arrange a circle of half-slices of oranges on a lettuce-covered salad plate, all center with apple and celery mixture, and garnish with celery tips.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

Heaviest Wheat Yield

Eight hundred, and eighty-eight bushels of wheat from ten acres or 88.8 bushels an acre are reported by Fred Stin, who farms thirty-five miles east of Calgary. This is the heaviest wheat yield ever recorded in Alberta.

## PARLIAMENT OF BRITAIN OPENED WITH CEREMONY

London, Eng. — Parliament was formally opened by the king with all the colorful ceremony surrounding the occasion. The session is the last before the next general election. In the speech from the throne, His Majesty expressed gratification at the signing of the anti-war pact, outlined a scheme for relieving agriculture, industry and railways of local taxes, a scheme for enabling railways to reduce charges on basic traffic and a plan to alleviate mining area unemployment by training 20,000 miners a year for agricultural pursuits in the Dominion.

The subsequent debate on the address in reply to the speech was featured by the attack of Rt. Hon. Ramsay MacDonald, Labor leader, on the Anglo-French proposals for further naval limitation. He termed it an "agreement not to limit armaments" and pressed Premier Baldwin for a full government statement on the present status of the agreement. The premier, however, pointed out the Labor party was to move an amendment censuring the government on account of the pact and therefore any government statement should be reserved for the debate on this amendment.

In the course of his speech, Mr. MacDonald mentioned the movement of miners to the Canadian harvest fields last August, saying he hoped future migration schemes would include more forethought than this one, whose workings he had personally seen in Canada.

"You didn't say that when you were over there," a Conservative member remarked.

## Smith Will Retire From Public Life

Says Quarter Century Of It Has Been Enough

New York. — Governor Smith announces that he never again expected to run for public office as he had more than a quarter of a century in public life and that was enough.

The defeated Democratic presidential nominee expressed this view at a conference with press correspondents. "I am not so much interested in public life as I have had all I can stand of it. As far as running for office again, that is finished."

The governor said he had no regrets and nothing but pleasant memories over his unsuccessful campaign. "The American people have rendered their decision," he said. "I am a Democrat and I firmly believe in the rule of the majority."

## Storm Sweeps Alaska City

Thirty Thousand Dollar Property Damage Reported At Cordova

Cordova, Alaska. — Property damage estimated at \$30,000 was counted following the worst storm in the history of the city. The greater part of the damage was to the new school building. The roof was blown off, and torrential rains poured into the unprotected building, ruining every room. Flying wreckage from the building broke hundreds of windows. The wind tore telephone poles from the ground and took the front off a hotel building.

## Losers Valuable Horses

Toronto. — Three champion hunters and five young horses which were about to be trained for the saddle, were suffocated when a fire broke out in a stable here. Five of the horses belonged to D. McGregor, well-known Toronto horseman. The champions were Fairplay, Aristocrat, and Slipper. The animals were valued at approximately \$10,000.

## Air Mail Service Profitable

Montreal. — Justification for airmail passenger service between Montreal and New York via Albany, is found in the statement for October which shows a net profit of \$3,000. During the month 35 passengers, 10,855 pounds of mail, representing 34,200 pieces, were carried, and a total of 21,877 miles flown. The gross receipts approximated \$17,000.

## Will Receive Reward

Montreal. — To anyone who furnished information leading the police to arrest and convict a hit-and-run motorist, the province of Quebec will pay a reward of \$100.

## Make Arrangements For Important Conference

Agricultural Leaders and Canadian Chamber of Commerce To Meet In Toronto

Montreal. — The conference which agriculture leaders with the Canadian Chamber of Commerce is arranging for November 27, in Toronto, promises to be an event of economic significance and a forward move in the effort which the chamber is making toward the co-ordination of agriculture and the other business interests of Canada, said Dr. John W. Ross, chairman of the executive of the Canadian Chamber, here.

The invitations which have been issued to each of the heads of the provincial departments of agriculture of Ontario, to participate in the round-table conference have in each case been accepted, said Dr. Ross.

Although no set speeches or papers were to be prepared, the agenda would include a frank and friendly discussion at the conference itself of such subjects as the service which could be rendered the agriculturist through showing him the value of efficient farm management, better marketing methods, wider markets, and reforestation, and a setting-up of a national agricultural committee of the chamber to advance agriculture in a business-like way.

## Navigation Through Hudson Straits Closed

Dispatch From Fort Churchill Indicates Harbor Ice Frozen Over

Ottawa. — Navigation through the Hudson Straits is closed for the winter, it was learned at the Department of Marine by wireless dispatch from Fort Churchill, which indicates that the harbor is frozen over and there is ice as far as the eye can reach. As a result the ice breaker Montcalm has been ordered to return to Quebec City from Port Burwell.

For several months the Montcalm has been carrying on ice observations in the North and is the last ship to leave Hudson's Bay.

There is no ice in the straits themselves, it was stated. With the closing up of the harbor at Churchill, however, the work of the Montcalm is completed.

Several men are remaining at the various radio stations throughout the straits and will continue sending reports on ice and fog conditions.

## Prosperous Canada

Hon. Peter Heenan Sees Evidence Of Prosperity Everywhere

Toronto. — With evidence of prosperity everywhere apparent Canada is just coming into her own, declared Hon. Peter Heenan, minister of labor, at a meeting here.

Mr. Heenan discussed briefly the question of immigration and old age pensions. "The former subject he stressed two considerations as of vital importance in any policy which must be framed, namely to give preference to Britishers and to give only useful information to those intending to settle here."

The country could have no more advertisement than to have immigrants write back "home" and say that conditions have been misrepresented to them, he said.

The minister was high in the praise of old age pensions legislation and declared his intention of speaking "up and down the country" until it had been adopted by every province.

## Prevention Of Tuberculosis

Chances Are Foreshadowed In Methods Used To Curb Disease

Toronto. — Various changes of sweeping character in the methods employed to curb tuberculosis throughout Canada are foreshadowed as a result of the study of European methods made by 82 Canadian doctors, including Dr. J. H. Elliott and Dr. Deble of Toronto.

One of the possibly outstanding changes will be the development of a Dominion department to have control of tuberculosis prevention work throughout the Dominion and another equally important innovation probably will be legislation providing for substantial grants for the carrying on of the work.

## Endre Family Die In Fire

Brigadoon, N.S. — An entire family of five persons was wiped out in a fire at South Conqueror near here. The dead: Albert Nash, his wife, two children and Mrs. Siden with five children, who have just been sent forward by the Canadian National Railway and the Swedish-American line to their husbands at Junkins, Alberta, one of whom settled here in 1925 and the other last summer. The statement is made that many more Swedish families of this line type are expected to follow.

## HERBERT HOOVER IS ELECTED NEW U. S. PRESIDENT

New York. — Republicans have swept the country from coast to coast. They have developed the states bordering on the old solid South. They have driven a wedge into the South itself.

Herbert Hoover has been elected to the presidency in one of the most sweeping land-slides ever recorded.

By one of those extraordinary ironies of politics, it was Governor Smith's own state of New York which first wrote his doom. On four occasions New York had given Smith the highest office in its gift. To capture New York state and its electoral college votes the Democrats fought bitterly and strenuously.

Hoover might have lost New York state and still won the presidency. Smith had to win New York state to be the next president of the U.S. New York was to be the nucleus of a Democratic raid into the states of New England and the Atlantic seaboard.

New York City gave its plurality to Governor Smith but the upstate Republican vote rolled over. With 275 districts missing out of 5,267, Hoover was 90,000 ahead.

Democrats, however, found some bright spots in the New York state returns. Franklin D. Roosevelt, who nominated Smith, at Houston, was elected to the governorship over Albert Ottinger by a margin that showed him running well ahead of the Democratic National ticket.

Washington, D.C. — President Coolidge sent congratulations to President-elect Hoover and Vice-president-elect Charles Curtis. His message to Hoover read:

"The success of our party with your election to the presidency and the endorsement of the administration are a great satisfaction to me. With this endorsement I can now retire from office in contentment. I send you my most cordial congratulations on your victory, and to yourself and Mrs. Hoover my best wishes, in which Mrs. Coolidge joins."

## Find Oil Shale In North

New Discoveries Are Reported Near Hudson's Bay Junction

The Pas. — Mining men in The Pas have much to tell. In reports from Hudson's Bay Junction, St. Paul, indicating new finds of oil shale 25 miles southeast of that village.

The discoveries have been made in the old Porcupine Hills forest reserve and are close to the Manitoba boundary. Geologists representing a Toronto engineering company have been on the field for some weeks.

Oil shales found in the new area are reported to have a greater potential value than the discoveries made in recent years in The Pas hills north of the junction. Tests made of oil shales west of The Pas have been interesting, but no effort has been made to produce oil in that area.

## Many Labor Candidates

London, Eng. — Right Hon. Ramsay MacDonald, leader of the Labor party, has announced that the party had decided to fight every seat where it had local party organizations prepared to run a candidate at the forthcoming general elections. He estimated that the party would have 600 candidates in the field.

## FAVORS NORTHERN AERIAL ROUTE

Unable To Give Definite Figures On Transportation Costs Until Next March

Ottawa. — Actual transportation costs of the experimental shipments of Alberta and maritime coal to central Canada came before the board of railway commissioners here. The hearing was adjourned sine die on representations of the Canadian Pacific and Canadian National Railways that definite figures on the cost of these trial movements would not be available until March next.

The sitting was in conformity with orders-in-council passed by the Dominion government last spring authorizing reimbursement from the federal exchequer to the railway companies for any losses entailed in the \$4.75 per ton rate from Alberta to Ontario and the one-fifth of a cent per ton mile reduction in the westward haul of maritime coal. The trial movement authorized covers a period of three years.

Vilhelmur Stefansson, the explorer, now touring Canada, who predicts that Canada will be the crossroad of air between Europe and the United States. He says that if trans-Atlantic fliers desire to avail themselves of the shortest course between Europe and the United States, they must fly across Canada. This, he said, would entail flying over Arctic ice and he declared that the northern route was much to be preferred.

## Alberta Looks Westward

Hopes Of People Live In Development Of Pacific Sea Frontier

Vancouver. — "Today the face of Alberta is turned Westward instead of Eastward; prior to 1923, Alberta looked down the narrow strip of steel rails that led to Fort William and other Eastern centers. Today Alberta is looking to the Pacific and the hope of the people lies in the development of the Pacific and lies there almost entirely."

This was the statement of Premier J. B. Brownlee, of Alberta, in an address before the Vancouver Canadian Club in which he reviewed the progress of his province in the last twenty years and expressed its aspirations for the future.

According to the newspaper, information secured by brokers in Britain from travelers and sea captains leads them to believe that the situation in Russia is far worse than generally reported and that the Soviet will resume buying wheat from abroad as speedily as possible before war breaks out.

In this connection it is recalled that Russia bought 200,000 tons of wheat early this year, following which order there came a lull. The object of this buying is now attributed to a desire to force the hands of the rich peasants, who were withholding stocks. In the present case, however, a serious shortage is believed to exist. How far the convictions of these brokers are justified, it is impossible to tell, and so far there has been no definite indication that Russia is going to resume buying. Nevertheless, The Morning Post is apparently convinced.

## Russia Needs Wheat

Will Soon Be Placing Orders With Canada Is Report

London, Eng. — A possibility of further orders for the Canadian Wheat Pool from the Union of Soviet Republics has been reported by The Morning Post, which says that the impression of grain brokers on the Baltic Exchange.

## Manitoba Wheat Pool Meeting

Brandon, Man. — Three hundred delegates together with a large number of visitors attended the fifth annual meeting of the Manitoba Wheat Pool held here under the chairmanship of Colin H. Burrell, president of the Pool. The directors' report was favorable though it was pointed out that the crop had been somewhat poor both in grades and quantity obtained, particularly in the oats.

Would Safeguard Lake Shipping Ottawa. — Representations have been made to the various steamship companies operating in the Great Lakes and to others interested suggesting that "in the interests of safety" the period of navigation in these waters should close either on December 5, or December 7, declares Alex. Johnston, deputy minister of marine and fisheries, here.

## PLENTY OF ROOM IN CANADA

For the wives and families back in the homeland it is often a story of patient waiting while the husbands and fathers win a new start in the Canadian west. But the re-union is happy and the future bright when they are once more joined in the new home. Here is a group comprising two families of Swedish colonists, Mrs. Eriksson with her family of ten children and Mrs. Siden with five children, who have just been sent forward by the Canadian National Railway and the Swedish-American line to their husbands at Junkins, Alberta, one of whom settled here in 1925 and the other last summer. The statement is made that many more Swedish families of this line type are expected to follow.

## Chief of Staff To Retire

Major-General Thacker Will Retire On Pension At End Of Year

Ottawa. — Major-General H. C. Thacker, chief of the general staff, department of national defense, will retire on pension on January 1, next. The retirement of Major-General Thacker follows completion of thirty-five years in the permanent force. Official announcement to this effect was made by Hon. J. L. Ralston, minister of national defense.

Major-General Thacker will be succeeded as chief of the general staff by Brigadier-General G. L. McNaughton, at present district officer commanding military district No. 11 at Victoria, B.C.

## Has Indian Ancestors

Next Vice-President Of United States Is Part Indian

New York. — Charles Curtis, next vice-president of the United States, has, through his mother, both French-Canadian and Indian blood.

His mother, Helene Pappan, was the youngest daughter of Louis Pappan, a French-Canadian fur trader who settled among the Indians of the Kansas tribe, and Julie Gonville, who was one-half Indian and a direct descendant of two famous chiefs, White Plume, chief of the Kansas tribe, and Pawhuska, chief of the Osage tribe.

Mr. Curtis is therefore one-eighth Indian.

## Labour Meets Reverses

Party Failed To Gain Much Success In Scottish Municipal Elections

Edinburgh. — Labor after widespread victories in the English municipal elections staged a keen fight in the Scottish municipal elections, but failed to gain much success.

In Glasgow, Labor made a net gain of one seat. Election in Edinburgh, Aberdeen, Dundee and Greenock resulted in gains of three seats by the moderates, who have majorities in a large number of places.

The moderates also captured four seats, two each from Labor and Communists — at Lochelly in the heart of the Fife coal fields.

## Calgary District Income Tax

Ottawa. — In the last fiscal year, when Edmonton was included in the Calgary district for income tax purposes, the total payments, according to detailed figures just published, were \$667,066. The salaried classes paid \$258,719, and farmers paid \$42,200.

## Abandons Irish Channel Swim

Donaghadee, Ireland. — Mercedes Gleitz, London swimmer, failed in her attempt to swim the Irish Channel on account of rough seas. When forced to abandon her attempt she had covered 10 of the 22 miles in three and one half hours.

## FARMERS MAY DECIDE TO ENTER MILLING BUSINESS

Saskatoon, Sask. — "I think the present grading system is plain, unvarnished robbery," was the answer of George H. Williams, vice-president of the United Farmers of Canada, Saskatchewan section, when asked for his opinion regarding the grading problem.

In the course of the interview Mr. Williams foresaw the day when the farmers, co-operatively, could mill their own wheat and thus gain complete control of their produce.

"The grades now current in the country to the farmer are to my mind a fitting climax to that short-sighted campaign which was carried on by certain newspapers during the summer months, enlarging upon our crop prospects and sending out crop reports seemingly limited only by imagination, which undoubtedly went a long way toward producing a bearish market," Mr. Williams said.

"The present low grades are just putting a finishing touch to it," he continued. "They are taking out of Western Canada millions of dollars which rightfully should remain with the people of Western Canada."

"Do you think the elimination of mixing at the private terminals will solve the problem?" Mr. Williams was asked.

"That brings us to the question of the commission which has just been appointed," was the answer. "It is a pleasure to think the elimination of mixing at the private terminals will solve the problem?" Mr. Williams was asked.
